

Seminar

Aluminium Continuous Casting – Technology, Properties, Applications

23rd/24th April 2024

Location:

AD Office, Fritz-Vomfelde-Str. 30, 40547 Düsseldorf

Content

Continuous Casting (CC) is an interesting alternative to the conventional DC process route for flat products. The equipment is much more compact, the investments are smaller and it is only one process step from molten metal to a flat semi product with a thickness of usually 3-6 mm. This seminar describes the different CC technologies and machines, the properties of the CC product and established as well as potential markets.

Speaker

- **Guido Aufdemkamp**
European Aluminium Foil Association (EAFA), Düsseldorf
- **Dennis Steinfels**
Institut für Bildsame Formgebung, RWTH Aachen
- **Dr. Murat Dündar**
Assan Alüminyum San. Ve Tic. A.Ş., Turkey
- **Dr. tech. n. (NMetAU) Olexandr Grydin**
BENTELER Steel/Tube GmbH, Paderborn
- **Dr. Kai Karhausen**
Speira GmbH, Bonn
- **Dietmar Kolbeck**
KME Special Products & Solutions GmbH, Osnabrück
- **Jacques Griffon**
Novelis PAE, France

Host

- **Wolfgang Heidrich**
Aluminium Deutschland e.V., Düsseldorf

Programme 1st day

- 11:00 – 12:00 **Registration / Lunch**
- 12:00 – 13:20 **Introductory Presentation:
Overview on industrial CC technologies
Dr. Kai Karhausen**
- 13:20 – 14:15 **Twin Roll Caster – metal level control, metal feeding,
parameters which influence formability
Jacques Griffon**
- 14:15 – 14:45 **Coffee break**
- 14:45 – 15:30 **General aspects of cooling conditions Copper Shells – the
new technology
Dietmar Kolbeck**
- 15:30 – 16:30 **Effect of solidification rates and deformation on the
microstructure and mechanical performance of aluminum
alloys
Dr. tech. n. (NMetAU) Olexandr Grydin**
- 16:30 **Get together with snacks and drinks**

Programme 2nd day

- 08:30 – 09:30 **Forming – Fundamentals and from (CC-)Sheet to Formed
Parts
Dennis Steinfels**
- 09:30 – 10:00 **Coffee break**
- 10:00 – 10:30 **Continuous Casting – Opportunities and outlook from an
aluminium foil perspective
Guido Aufdemkamp**
- 10:30 – 11:30 **Recent improvements in the properties of TRC materials
and their potential markets
Dr. Murat Dündar**
- 11:30 **Lunch and end of the seminar**

Seminar

Aluminium Continuous Casting – Technology, Properties, Applications

19th/20th April 2023

Location:

AD Office, Fritz-Vomfelde-Str. 30, 40547 Düsseldorf

Participation fee

540,00 € plus value added tax. All seminar documents, beverages during the breaks and lunch/snacks are included. In case of non-attendance, it is possible to send an alternative person.

Payment in advance

After receipt of the application, each participant will receive a confirmation of participation and an invoice. The invoice will be sent approx. 3 weeks before the seminar.

Payment of the invoice in advance is required to gain access to the seminar.

Notes

Applications will be processed in order of receipt. The size of this seminar is limited to 35 participants. We reserve the right for modifications or changes.

Overnight accommodation within walking distance

Voco Hotel Düsseldorf Seestern (just 2 minutes by walk)
H2 Hotel Düsseldorf Seestern
INNSIDE Düsseldorf Seestern
Courtyard Düsseldorf Seestern
Lindner Congress Hotel

If you like to stay at the Voco Hotel, you can use our special conditions!

You can book a standard single room including breakfast for a rate of 118,00 € per night (according to availability).

Book via e-mail (info.duesseldorf2@hotelite-group.com) or phone (+49 211 530 760) and indicate the **Bookingcode/Corp ID 787071299**.

If the hotel offers lower daily rates, these will be automatically made available to you when you make a request.

Parking during the seminar is possible in the parking garage next to the Voco Hotel Düsseldorf Seestern.
