

## Press Release

### Seifeldin Raslan Mohamed Elected As New etma Secretary General

At the etma General Assembly held in Nice on 21 May 2025, Seifeldin Raslan Mohamed was elected as the new Secretary General of etma. He succeeds Gregor Spengler, who stepped down after 31 years of dedicated service to the organization.

"I am honored to take on this important role and to build on the solid foundation laid by Gregor Spengler," said Seifeldin Raslan Mohamed. "I look forward to working closely with etma's members to actively address the challenges and seize the opportunities facing the European tube industry."

Reflecting on his tenure, Gregor Spengler commented: "It has been a great honor and a matter close to my heart to serve as etma Secretary General for so many years and to contribute to enhancing the global reputation of the tube. I have always enjoyed bringing together representatives from across the entire tube supply chain and acting as a bridge between them. I am confident that the organization is in excellent hands with my successor and will continue to thrive in the years to come."

etma's members express their sincere thanks to Gregor Spengler for his outstanding service to the organization and the European tube industry. With new leadership in place, etma is well positioned to continue its successful mission.
